

## Recombinant Human IL6 protein ,C- His tag

CatalogNo: YD2205

### | Key Features

#### Reactivity

- Human

### | Recommended Dilution Ratios

Reconstitute in sterile water for a stock solution

### | Storage

**Storage\*** Use a manual defrost freezer and avoid repeated freeze thaw cycles. Store at 2 to 8 °C for one week . Store at -20 to -80 °C for twelve months from the date of receipt.

**Formulation** Supplied as solution form in PBS pH 7.5./ Lyophilized from PBS pH 7.5.

### | Basic Information

**Source** Mammalian cells

**Purification** Mammalian cells

**Purity** >90% as determined by SDS-PAGE

### | Immunogen Information

**Sequence** A DNA sequence encoding the human IL6(Met 1~Met212) was fused with the C-terminal His tag

### | Target Information

| Protein Name                 | Organism                     | Gene ID               | UniProt ID              |
|------------------------------|------------------------------|-----------------------|-------------------------|
|                              | Human                        | <a href="#">3569;</a> | <a href="#">P05231;</a> |
| <b>Cellular Localization</b> | Secreted .                   |                       |                         |
| <b>Tissue specificity</b>    | Produced by skeletal muscle. |                       |                         |
