

## RL19 Rabbit pAb

CatalogNo: YN0376

### Key Features

#### Host Species

- Rabbit

#### Reactivity

- Human, Mouse, Rat

#### Applications

- WB, ELISA

#### MW

- 21kD (Observed)

#### Isotype

- IgG

### Recommended Dilution Ratios

WB 1:500-2000

ELISA 1:5000-20000

### Storage

**Storage\*** -15°C to -25°C/1 year (Do not lower than -25°C)

**Formulation** Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.

### Basic Information

**Clonality** Polyclonal

### Immunogen Information

**Immunogen** Synthesized peptide derived from human protein . at AA range: 50-130

**Specificity** RL19 Polyclonal Antibody detects endogenous levels of protein.

### Target Information

**Gene name** RPL19

| Protein Name          | 60S ribosomal protein L19                                                                       |                       |                         |
|-----------------------|-------------------------------------------------------------------------------------------------|-----------------------|-------------------------|
|                       | Organism                                                                                        | Gene ID               | UniProt ID              |
|                       | Human                                                                                           | <a href="#">6143;</a> | <a href="#">P84098;</a> |
|                       | Mouse                                                                                           |                       | <a href="#">P84099;</a> |
|                       | Rat                                                                                             |                       | <a href="#">P84100;</a> |
|                       |                                                                                                 |                       |                         |
| Cellular Localization | nucleolus,cytoplasm,cytosol,ribosome,focal adhesion,membrane,cytosolic large ribosomal subunit, |                       |                         |
| Tissue specificity    | Brain,Hypothalamus,Liver,Lung carcinoma,Muscle,                                                 |                       |                         |
| Function              | similarity:Belongs to the ribosomal protein L19e family.,                                       |                       |                         |

## Validation Data

Western blot analysis of lysates from KB cells, primary antibody was diluted at 1:1000, 4°over night
